## **DETAILED ACTION**

### ***Claim Objections***

1. Claims 22 and 31 objected to because of the following informalities: In Claim 22 an “or” statement or “one of” statement needs to be placed for the multiple items listed in the first paragraph and similar action is needed in claim 31 for clarification purposes. Appropriate correction is required.

### ***Allowable Subject Matter***

2. Claims 22-35 allowed.
3. The following is an examiner’s statement of reasons for allowance: Prior art failed to establish a semiconductor base comprising substrate and a GaN crystal formed on the substrate by vapor phase growth where the substrate has a concavo-convex surface as a crystal growth plane and the GaN crystal is grown laterally from an upper part of the convex part of the concavo-convex surface and a surface of the concave part as starting points such that the crystal grown laterally from the upper part of the convex part and the crystal grown from the surface of the concave part are joined to cover the concavo-convex surface of the substrate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
